SUMMARY

Looking for a challenging profession in the field of software engineering, which gives me a stage to introduce my conceptual and functional information, expand my experimental and exploration abilities, and reach out myself to higher work in the field of my specialized advantages.

SKILLS

MS office

MS Excel

Web Development

Machine Learning

Python and C -
programming

EXPERIENCE

Intern

Disruption Technologies Dec 2021 - Mar 2022

- Learned and build industry-level projects using python.

PROJECTS

Re-Covidry.com

Front-end Developer. Jun 2020 - Apr 2020

- Developed a website as a front-end developer that incorporated user healthcare history and predicted the probability of recovery from covid-19.

Kashmiri Handwritten Character Recognition using state-of-the-art machine learning algorithms.

Machine learning developer. Jun 2019 - May 2022

- Developed and directed a team of 4 in developing the OCR technique on the Kashmiri dataset created by the team.
- Improved the project in May 2022 with 2 more ML algorithms.

Real time sign language detection using SSD model.

Machine learning developer Jul 2020 - Oct 2020

- Achieved detection of sign language detection in real-time using the TensorFlow object detection API on the local host.

Peer-to-Peer Self Driving Car rental.

Front-end developer and Machine learning Developer. Mar 2022 - Present

- Currently developing an app based on the idea of connecting car owner to renter directly.
- Developing using flutter, MongoDB.

EDUCATION

Secondary School

Burn Hall School Mar 2014 - Jan 2015

- Received my Secondary School Degree from BHS.
- With a percentage of 89%.
- Received an honor of School Head boy.

Higher Secondary School

S.P Higher Secondary School. Mar 2016 - Dec 2017

- Completed my 12th class degree in PCBM stream from S.P school.
- Achieved a percentage of 75%.

Btech CS(AIML)

Sharda University Aug 2019 - Present

- Pursuing my Btech in Computer Science with a specialization in AIML with a current CGPA of 8.5.

CERTIFICATION

NPTEL - Introduction To Internet of things 4.0

NPTEL 2021-11-15

- Received a certification on IoT by NPTEL.
- Achieved 2nd rank in the course.

EXTRACURRICULAR

Sports

- National level cyclist

PERSONAL SKILLS
